**Leading from the Sandbox: Develop, Empower and Release High Impact Ministry Teams**

T. J. Addington, presenter

This webinar expresses a passion to help ministry teams be as successful and powerful as possible for the sake of the expansion of Christ's kingdom. Business and industry spend huge amounts of money and energy building strong, aligned, productive teams but there is all too little help for ministries to do the same. Motivational books exist for teams but far too few provide practical help to make teams work well! This webinar is intended to fill that void in the church, in missions and in other ministry settings.

The sandbox is a leadership metaphor that illustrates how leaders can provide clarity in a team environment on the big rocks of your organization: your mission, guiding values, central ministry focus and organizational culture.

This webinar will:

- Give insight for how to develop and lead a team of missionally aligned and healthy individuals working strategically together under good leadership toward common objectives with accountability for results.
- Help you hire healthy team members, as well as deal with unhealthy team members
- Provide insight into how to foster a culture of empowerment and accountability
- Assist leaders in leading with a mentor/coach mentality
